Kabbalah & Nonduality:

Healing Beyond the Energy Body

[De Roos Centre](#), Amsterdam, The Netherlands

Saturday, March 17, 2012 9 am – 4 pm

With Jinen Brenda Carter Blessings

How is the healing of all types of human suffering connected to the awakening state? What does healing look like when we are not dealing with the aura or other expressions of the human energy system, but working directly with consciousness itself? How does awakening to the nondual state actually heal the body, mind and spirit? What is the role of the ego in healing and awakening?

In this intimate workshop, we will explore these profound questions and a new relationship to transformation and healing. This workshop is based on Nondual Kabbalistic Healing® — the revolutionary work of Jason Shulman, internationally known modern Kabbalist, Buddhist teacher and founder of A Society of Souls—taught by his Dharma Heir, Jinen Brenda Carter Blessings.

Nondual Kabbalistic Healing begins with deep acceptance and compassion for the human being—and the understanding that our problems have a single origin—the sense of being a separate ego self only and not in relationship to the Whole of Reality. Nondual Kabbalistic Healing directly addresses this sense of alienation from ourselves, others and all of life—and in this, the body, mind and spirit heal and awaken into an ongoing relationship with the Whole.

This workshop will include an open-hearted dialogue and an introduction to the four universes of the Kabbalah. We will use the hands-on Healing of Immanence to heal into the nondual state. Many describe this healing as life-changing and a turning point on their spiritual journey.

Brenda Carter Blessings is Executive Director and Senior Teacher of A Society of Souls, The School for Nondual Healing and Awakening, based in the U.S. and Netherlands, which teaches a four year training in Nondual Kabbalistic Healing, as well as the Magi Process, Impersonal Movement and Work of Return.
